IV Meeting of the International trade union network of solidarity and struggles in Dijon (France) 4-7 June 2020

Where ? Ethic Etape, International meeting center for Stays (1 avenue Champollion - 21000 - Dijon).

http://www.ethic-etapes.fr/les-destinations/dijon_centre_de_rencontres_internationales_et_de_sejour.77.23.html

When ? The meeting begins on Monday, June 4 at 3 p.m. and ends on Sunday, June 7 at noon.

We ask you to make the necessary arrangements to allow us to start on time on Thursday, arriving on site around 1 p.m.

Cost : The amount of € 170 per person includes :

- accomodation
- dinner on thursday, June 4
- breakfasts, lunches, snacks, and dinners on Friday 5 and Saturday 6 June
- breakfast and lunch on Sunday June 7

We hope that as many organisations as possible will be able to participate in the meeting; this is important to strengthen our network. While knowing that personal and financial efforts will be significant, it is neither desirable nor possible for the total cost to be borne by a handful of organisations or by government grants. We ask each organisation to cover this minimum cost.

However, CSP-Conlutas, CGT et Solidaires have provided for a common solidarity fund to allow the participation of organisations in difficulty. Therefore, we propose in particular to European organisations, in view of their transport costs, which will necessarily be lower than for others, add to the € 170 per person cost an amount of at least € 100 to contribute to the common solidarity fund.

The registration would therefore be € 270 per organisation for European organisations able to cover this amount.

Let us know soon if your organisation can cover these costs and participate in the commun solidarity fund, or if, on the contrary, depends on financial support.

Registration : from September 1st. We will send you a form.

Agenda : Organisations have until 25 August to send proposals for topics they consider relevant to the debates. The proposed topics will enable us to draw up a draft agenda and schedule for these days.

Debates and contributions : The network's members organisations will have until 1 December 2019 to send the texts of their contributions to the debates at syndicalisme-inter@solidaires.org Examples : international conjecture, ecology, women's struggles, privatization, repression, self-management, etc.

Important : we ask that the texts be sent to us already translated, at least in French, English and Spanish.

On February 2020, all translated texts, in Castilian, French and English, will be sent to our e.mail address (syndicalisme-inter@solidaires.org) for all the organisations in the network to make their amendments.

Our 4th meeting is an opportunity to strengthen the International trade-union network of solidarity and struggles through meetings by professional sector and collective reflection on the subjects that the organisations have considered as priorities.
